NEW CURIO ON EXHIBITION.

of Rare Beaked Whale.

The National Museum has completed mounting for exhibition a skeleion of a It is a kind of gigantic porpoise, about forty feet long, but does not belong in the same family with the ordinary porpoises, being more nearly allied to the

sperm whales. Baird's whale, which was named in onor of Prof. Baird, second secretary of the Smithsonian Institution, was first made known about twenty-five years ago by Dr. Leonard Stejneger, of the National Museum, who found a skull on Bering Island, off the Siberian coast, while collecting birds for the institution. The expedition of the Vega, under Nordenskjold. found a portion of a skull on the same island a little earlier, but no account of

it was published at that time. Nothing more was heard of Baird's whale until 1903, when two other specimens were found on the shore of St. George Island, one of the American fur Baird's whale belongs had been known days of grace. only from New Zealand, and their oc-

extensively in the Pacific Ocean, but they National Museum Mounts Skeleton are unknown in the Atlantic.

Little is known of the habits of Baird's whale or of Arnoux's whale, the New Zealand species. It is probable, howrare and interesting whale known as ever, they go in pairs instead of schools Baird's beaked whale (Berardius bairdii.) and that they feed on cuttlefish, like the smaller beaked whales. They have no teeth in the upper jaw, and only four in the lower jaw.

MOVING DAY IS DELAYED.

District Government Will Occupy

New Home on July 8 Next. Moving day for the District government when it will go into the new Municipal Building, will not be July 6, as heretofore stated. The Commissioners have announced that the plans for removal cannot be completed before Wednesday, July 8. This will in no way interfere with the arrangements for the celebration on the Fourth.

the officials and clerks and make the will come to a conclusion to-day. The necessary transfer of documents and result will be made public as soon as the seal islands in Bering Sea. ## TECH GRADUATES 95

Annual Commencement Held at the National.

SCHOLARSHIPS GIVEN TO FOUR

Lauding Age of Industrialism-Dr. Evermann Presides and Mr. Cox Presents Diplomas-Laura Florence Talks Gets Domestic Science Prize.

of McKinley Manual Training School, held at the New National Theater yesterday afternoon, in the presence of the parents and friends of the pupils and embers of the board of education, dilomas were awarded to ninety-five graduates of the school, including those who have successfully finished the two and ur-year courses.

To the strains of an orchestral march, the graduates-the girls in white and the bys in sober black-filed onto the stage, which had been transformed into a woodand scene, with palms, ferns, and flowers placed about. In the center of the stage, bove the heads of the class, was susnded a large wreath of daisies and erns, in which gleamed numerous elecric lights, illuminating the initials of school, "M. M. T. S."

Dr. Gates Makes Address. Rev. Dr. Samuel H. Woodrow offered he invocation, and after a short address y Dr. Barton W. Evermann, vice presient of the board of education, who presided at the exercises, the address of the lay was delivered by Dr. Merrill E. Gates, ormer president of Amherst College, who spoke on "The future interest in our

American life." Dr. Gates said, in part: "We stand for industrialism in our days, and not for militarism, whose days have past. The age of militarism has seen its best, and it has been relegated to the rear, never to again come to the front. We are not interested in the game of kings who play checkers with great armies. We believe the days of re a thing of the past, and the days terest lies in industrial and educational noughts and the strongest physique of
